Dear Prof. Lederberg:

I and my family arrived in Osaka on October 13. After the arrival I had hard time to overcome many troublesome situations. At the moment I cannot figure out when we can begin our new job, but I am planning to work in the field where I have learned at Syntex.

Anyway thank you very much for your kind arrangements for the past two years. I learned many things at Syntex. The living in Palo Alto was very comfortable.

Thank you for your further help.

Very sincerely yours
